

Heyho iO

We take the old roots of hard rock and heavy metal pump it up with modern elements and make rock go bananas*. The iO stands for Jupiter's moon Io - most volcanically active world in the solar system and therefore exactly the way we want to present our music to the world with lots of energy, meaning at our shows there's always a hell of a party! We would like to introduce ourselves:

WE ARE J2iO

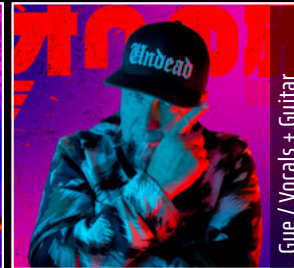

Alex / E-Bass

Jan / Vocals, Guitar, Piano

Timo aka MC MNKY

Gue / Vocals + Guitar

Alex / Drums

DEBUT ALBUM

We started off in 2019 with our debut EP „GET READY“ and since then we're proud of currently ~800 monthly listeners and ~400 followers on Spotify - altogether close to half a million (unpaid) streams in 107 countries on Spotify with an upward tendency. We think that's awesome but also a confirmation of the hard work we put in and that our music has an audience.

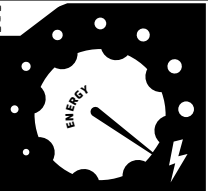

BUT WE STRIVE FOR MORE

...what more?! More energy, entertainment

and fun on stage. We refined ourselves and root for heavier tunes now, orientated towards NU metal bands but we're combining that with our old roots: explosive hooks, main riffs, epic solos and catchy choruses with a combination of distorted and clean vocals of our two singers Gue and Jan - a style we call NU rock. On top of that, we have an MC, a mosh pit monkey that's hyping up the crowd on and off the stage and shooting beer out of a canon while jumping and head-banging all show long.

AND WE CREATED OUR NEW STYLE

...for us. A mix of Hard Rock, Heavy Metal, Alternative, Punk and electronic elements to turn up the energy level. With Pitchback Studios in Cologne, Hamburg, Berlin and New York we have an amazing partner and an established workflow to create songs. Our home recording studio is equipped with everything we need, to do concept, songwriting and provide finished preproduced songs for our partners to finalize, make them state-of-the-art and receive the power we desire.

CURIOUS? THEN CHECK OUT OUR NEW SONGS!

Yes, and we're really amped up to perform our songs live and go wild with the crowd. We have already supported awesome artists like: Warkings, J.B.O., Stahlzeit, No Bros, Kaiser Franz Josef, etc. on amazing stages like Gasometer Vienna, Rockhouse Salzburg, ((szene)) Vienna, Komma Wörgl, INNROCK RELOADED FESTIVAL 2021 and many more!

BRANDING

What we can bring to the party? All logo design, band concept, advertising and marketing operations are done by ourselves. With our own ad agency kirchner&kirchner we have already won several prizes and international awards. Two international awards of which for our band branding and logo (with that one being anything else than G-rated, and our competitors were big companies or global players).
